Divorce Safari

Sports people will agree that coaching makes a huge difference and that it equips you with skills you may not have considered possible.

Our programme looks at a similar approach. Life Coaching children through the many challenges associated with broken homes, sees them equipped with skills, that they can carry with them for the rest of their lives. Their toolbox gets a "make-over" as some tools fall out and new ones take their place.

The programme was developed to be an analytical tool to aid facilitators in highlighting possible problem areas and then introducing methods of appropriately dealing with these.
